Calculators and maths equipment

Technology that's perfect for teaching, proven for learning

CASIO ClassWiz

CASIO fx-83GT CW

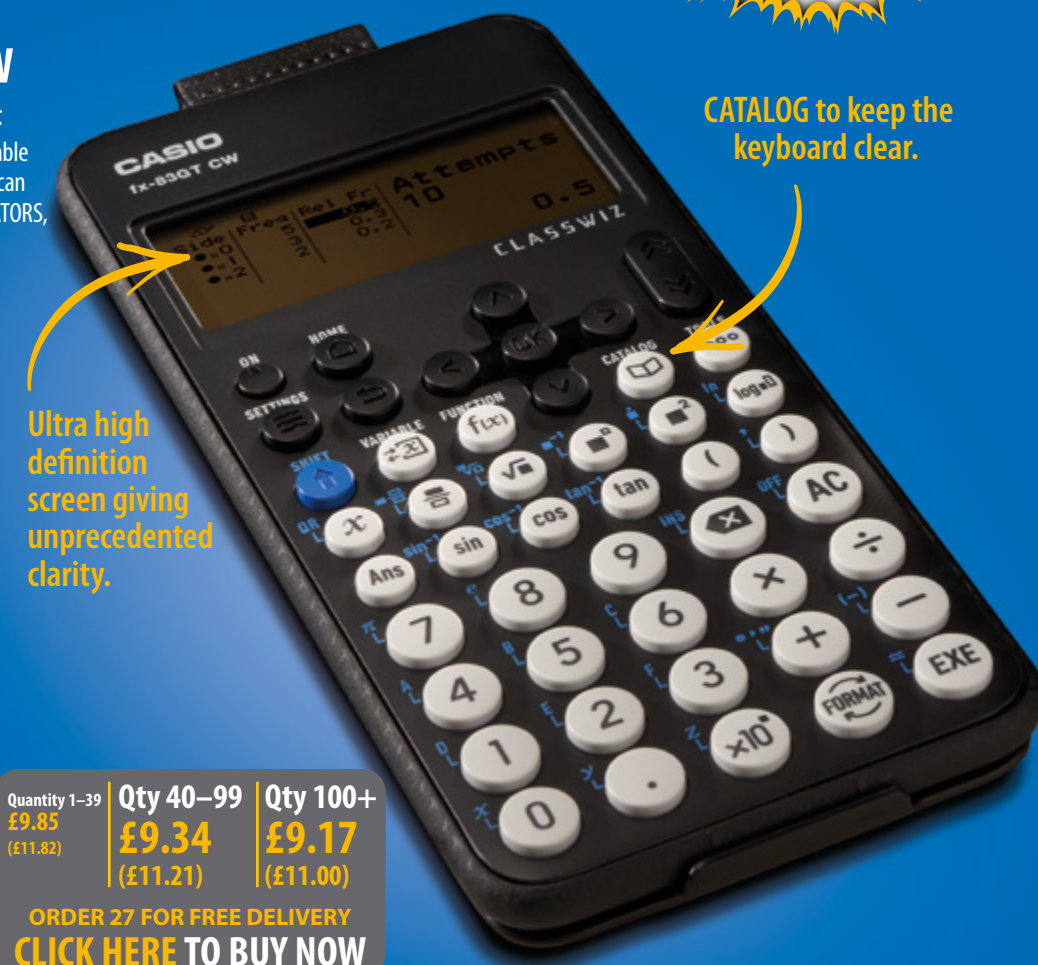

A perfect match of functions to the current maths curriculums. Easy to use and at an affordable price, the fx-83GT CW is the very best calculator you can offer your students. Supported by SOFTWARE EMULATORS, that are FREE OF CHARGE, fx-83GT CW will enhance teaching and learning of mathematics at all levels.

fx-83GT CW offers choice of colours.

The default colour for us to ship is black. If you require blue and/or pink, please state clearly when ordering.

ADVANCED SCIENTIFIC

Prices in brackets include VAT.

CASIO fx-991CW

Casio's most advanced scientific calculator. Enhance your pupils' ability to solve and master all areas of Mathematics, even the toughest of GCSE and A Level topics!

Advanced scientific capabilities allow pupils and teachers to model, practice, and perfect mathematical methods from Key Stage 3 through the GCSE and A Level syllabuses.

Recommended and approved for Key stages 3, 4 and 5, the Casio fx991CW is also perfectly suited for GCSE, A Level, IB and Higher and is allowed in every UK exam in which a calculator can be used. The fx991CW is essential for success in all public examinations.

Change your approach to technology in GCSE Maths and Further Maths, and upgrade to gain a grade!

By upgrading to this advanced model from the 'basic scientific calculator, your pupils can better master the syllabus and secure critical marks in exams!

See below for specific GCSE topic areas which the fx-991CW's advanced features can help GCSE pupils to perfect and gain a grade.

| GCSE Topic | FX-83/85GT-CW | FX-991CW |
|--|---------------|----------|
| Solving Equations & Inequalities | | |
| Linear and Quadratic Equations: Solve for the roots | ✗ | ✓ |
| Simultaneous Equations: Solve for up to four variables | ✗ | ✓ |
| Inequalities: Solutions in interval notation | ✗ | ✓ |
| Probability & Statistics | | |
| Descriptive Statistics: Mean, median, mode, standard deviation, variance | ✗ | ✓ |
| Regression Analysis: Linear, quadratic and types of regression | ✗ | ✓ |
| Probability Distributions: Binomial, normal and Poisson | ✗ | ✓ |
| Vectors & Matrices | | |
| Vector Calculations: 2D and 3D, dot and cross, magnitudes and angles | ✗ | ✓ |
| Matrix Calculations: Up to 4x4, matrix functions, determinants, inverses | ✗ | ✓ |

UPGRADE TO GAIN A GRADE

| Calculations Using Data: Statistical calculations within the spreadsheet | ✗ | ✓ |
| Graphing: Visualise data trends and patterns, without actual graph drawing | ✗ | ✓ |
| Complex Numbers | | |
| Basic Operations: Add, subtract, multiply and divide | ✗ | ✓ |
| Conversions: Convert between rectangular and polar forms | ✗ | ✓ |
| Advanced Functions: Argument, conjugate, real and imaginary parts | ✗ | ✓ |

NEW: CASIO CW+ RANGE COMING MARCH 2026 YOU SPOKE, CASIO LISTENED!

After a thorough review, and listening to customer feedback, Casio have made some subtle but important changes to further enhance ease of use and functionality of its CW+ range. Most importantly, the CW+ models have all the vital functions and features of their predecessors, with improvements outlined here:

The **FORMAT** key once again works as a customisable S->D toggle, with an option of entering a menu. This is a return to the GT-X style favoured by teachers.

The **Scientific** key will now show parentheses to help students to understand better the order of functions when using standard form.

Numeric 'jump to' shortcuts now built into menus, to aid quick and efficient navigation

Shift Catalog allows for functionality in notation form to be viewed clearly.

Standard Form is now an option in the customisable **FORMAT** menu, replacing Engineering Form.

CASIO fx-83GT CW+

IMPORTANT: The default colour for us to ship is black. If you require pink or blue, please state clearly when ordering.

| Quantity 1-39 | Qty 40-99 | Qty 100+ |

ORDER 22 FOR FREE DELIVERY

IMPORTANT:
The default colour for us to ship is black. If you require blue or green, please state clearly when ordering

CASIO fx-991CW+ UK

The new "UK" model is perfectly matched to our maths curriculums.

- **App and menu orders optimised for the UK.** Commonly used functions matched to the UK curriculums can be quickly and easily accessed at the top level of Catalog.
- **FORMAT key:** The **FORMAT** works as a customisable S->D toggle, with an option of entering a menu to select different numerical formats.
- **GCD/LCM/Recurring decimal** (same as 83/85CW+)
- **Maths box** (Number line and Circle) (same as 83/85CW+)
- **Standard Form** option in format menu
- **Consistency in default options** between 83/85CW+ and 991CW+
- Separator on
- Number format 2
- Frequency on in statistics
- Table: f(x) by default

NEW! Simulation apps in the MATHS BOX:

SCIENTIFIC CALCULATORS – YEAR 7 THROUGH GCSE.

Prices in brackets include VAT.

SHARP EL-W531TL WriteView

The EL-W531TL performs 422 advanced scientific functions and utilises WriteView Technology, 4-line display and Multi-Line Playback to make equations quick and easy to repeat, enabling much more convenient practice than a conventional scientific calculator.

The Sharp EL-W531TL calculator has advanced display features, allowing the user to show fractions, square roots, surds, logarithms to any base including base 'e', powers, reciprocals, trigonometric ratios and hyperbolic functions.

Ideally suited for students studying GCSE maths, comprehensively covering topics including algebra, geometry, trigonometry, statistics.

Quantity 1-39 £8.49 (£10.19) Qty 40-99 £8.20 (£9.84) Qty 100+ £7.97 (£9.56)

ORDER 30 FOR FREE DELIVERY CLICK HERE TO BUY NOW

AURORA AX-595TV

Displays expressions in a textbook format, as written or viewed. Factorial, permutations and combinations, random number generator, two-variable stats, function evaluation table and much more! LCM, GCD and quotient/remainder divisions. Robust design with hard keys and a slide on plastic case with a 3 year warranty.

Also available in pink!

Qty 1-79 £8.31 (£9.97) Qty 80+ £8.07 (£9.69)

ORDER 30 FOR FREE DELIVERY CLICK HERE TO BUY NOW

FREE EMULATORS FOR ALL MODELS!

A full range of emulators for the scientific calculators offered are available via the QR codes or call us if you need any help. In most cases, registration is teacher specific, not device specific, giving you maximum flexibility in where you use the product, whether in your classroom or on your laptop for lesson preparation.

CASIO Emulators for all models available through ClassPad. Find out how to register using this QR Code.

SHARP Free emulators available for all models. Use this QR code to download.

AURORA Free emulators available for all models. Use this QR code to download.

SHARP EL-531TH

The EL-531TH performs 273 advanced scientific functions and utilises a 2-line display and Multi-Line Playback to make equations easier for students to understand and to solve. Editing facility of the top line is useful for "what if" investigations and practicing many similar examples. It is good for students studying up to GCSE maths, although it does not have the text-book style WriteView display, it does represent excellent value. Hard protective cover.

One Price Any Qty £4.95 (£5.94)

ORDER 51 FOR FREE DELIVERY CLICK HERE TO BUY NOW

OXFORD OES613

Features a two line display with recall and edit functionality and algebraically correct form of entry. A scrolling top line shows the complete expression whilst the solution is visible below.

Functions include: Factorials, Permutations and combinations. Random number. Fractions. Polar/rectangular conversions. Stats with data editor. Two-variable regression analysis. Robust design with a hard slide-on case.

One Price Any Qty £4.75 (£5.70)

ORDER 53 FOR FREE DELIVERY CLICK HERE TO BUY NOW

NEW! CASIO fx-CG100 ClassWiz

An all-new Graphing calculator, extending the popular ClassWiz family ✓ CW concept ✓ CW user interface ✓ CW navigation and keys

The fx-CG100 is Casio's latest and most advanced graphic calculator and replaces the CG-50. The CG-100 is approved for approved for all UK courses and exams. The new model now features an intuitive, high-contrast user interface that improves navigation and ease of use.

The high-resolution, vibrant colour display has a natural representation that allows fractions, square roots and other numerical expressions to appear the same way as they do in textbooks. The large display, powerful processor, and wide range of built-in functions make this calculator ideal for teaching and learning.

The keypad design is based on the popular scientific ClassWiz calculators, used by over 80% of UK secondary school pupils. This will provide familiarity and easy navigation for students either transitioning between or using both scientific and graphing calculators.

Supercharge your teaching of difficult topics from across the syllabus in all UK Mathematics examinations, as well as IB. The fx-CG100 is permitted in all UK public examinations, features the new and improved Exam Mode app.

See below for specific topic areas from A Level Maths which can be boosted by using a graphical fx-CG100, instead of the advanced scientific fx-991CW.

With mastery of these topics, pupils can gain at least a grade in their A Level examinations!

| Topic | FX-991CW | FX-CG100 |
|---|----------|----------|
| Graphing and Visualisation | | |
| Plotting Graphs: Plot, visualise and compare multiple functions simultaneously | ✗ | ✓ |
| Analysing Graphs: Roots, intercepts, minima, maxima, intersection | ✗ | ✓ |
| 3D Graphing: To understand multivariable calculus | ✗ | ✓ |
| Calculus | | |
| Differentiation & Integration: Visual representation of derivatives and integrals | ✗ | ✓ |
| Definite Integrals: Graphical calculation on definite integrals | ✗ | ✓ |

With the successful introduction of the CG100 complete it's time to consider moving to graphics

What's new?

With UK localisation of functions to suit our syllabuses, improved ease and features requested by UK teachers, this calculator will fulfil the needs of all UK syllabuses!

Familiarity and continuity

Most students will have been using one of the ClassWiz scientific models from year 7 onwards. The key operations between the fx-CG100 ClassWiz and the ClassWiz Scientific series is based on the same user interface (seen on the right) and navigation design so students do not need to re-learn how to use the calculator, which makes transition from scientific to graphing easier. For those moving to GCSE Further maths and A level maths this is an easy transition giving a great advantage.

Shortcuts for efficient navigation:

Casio have acted upon feedback received and added shortcuts in app and menu choices for efficient navigation.

Graph & Table App combined:

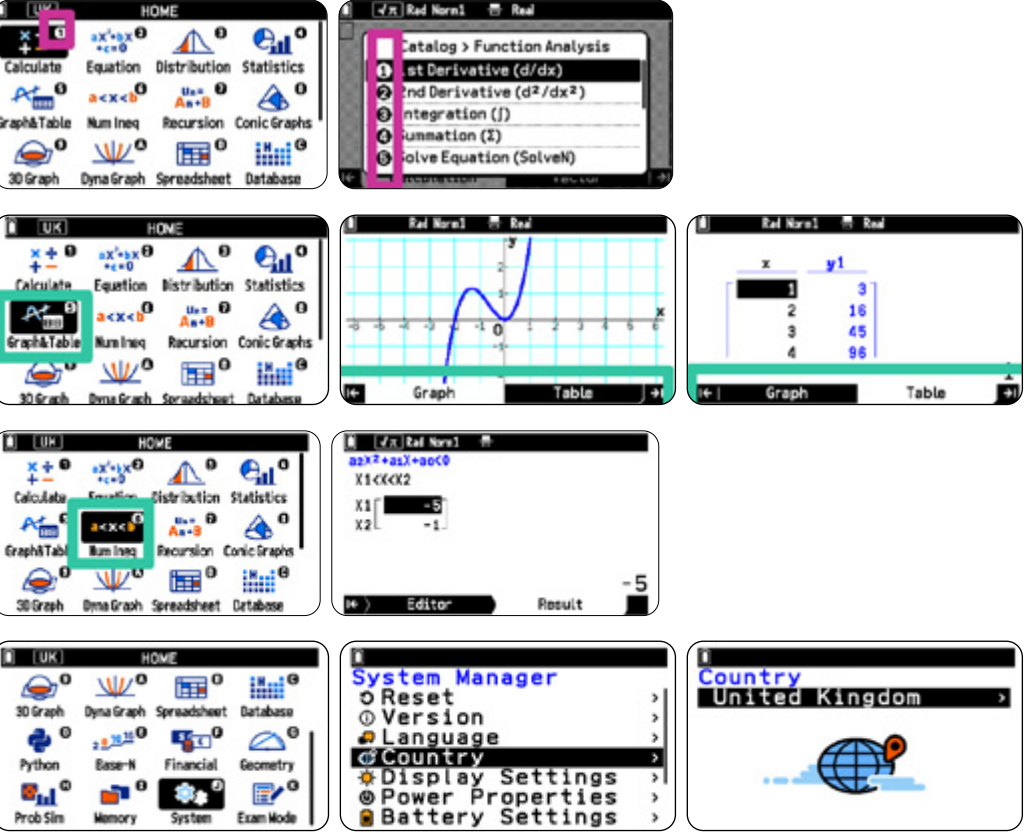

Simple TAB key to switch between graphical, algebraic and tabular representations.

Inequality Solver App:

Allows users to input polynomial inequalities (up to quartic degree) and provides the solution.

Country Mode specifically for the UK Curriculum:

UK Curriculum relevant apps are prioritised in the menus.

Complementary Support for Teachers and Students!

- Access teaching resources, training and live and recorded webinars for free. With this, we are committed to fully supporting your transition both from the fx-CG50 and from Scientific calculators.
- Student-focused topic deep-dives and revision webinars
- In-depth topic based teacher training
- Exam Success Webinar Series
- Teacher resources such as 'how-to' guides and activity cards

CLASS SETS

Easy to store and keep safely, our Scientific Class Sets are the convenient way to buy calculators for everyday use.

Engrave them to differentiate from pupil calculators at little extra cost. Supplied in Gratnells boxes with 'Secure Stack' inner with 30 slots and a lid, ready to use, as shown aside. No unpacking, no waste!

IN-HOUSE LASER ENGRAVING SERVICE WITH HIGH QUALITY AND FAST DELIVERY!

Over 400,000
calculators
engraved and
no price rise
since 2014!

Secure your school stocks of calculators by selecting one of the distinctive colours of calculator and then engrave with school name, department details or even sequential serial numbers.

For pupils, we can engrave individual names. Everything is done in-house so as not to affect our 24 hour delivery promise.

Exam eligibility – Particularly in the case of graphics, JCQ and awarding body guidelines are confusing! Marking eligible models takes away any chance of error, either by pupil or invigilator.

Standardisation – Ensure all pupils have the appropriate technology by ordering centrally and marking calculators.

Economy from security! – No more disputes of ownership where identical products are owned by school and pupils.

Ownership – Pupils will value a personalised item and take more care of it.

Serial numbering – We can sequentially number calculators if they are for your own stock allowing accurate inventory control.

School branding – Help to foster pride in your organisation and in mathematics by engraving your logo and department details.

*Please note: Some logos do not reproduce well!
We will advise suitability upon receipt of your instructions.*

How to order:

We simply need to know your choice of calculator, where you would like the engraving and what you would like engraving, preferably in electronic form.

We love to speak to our customers so a quick 'phone call of 2 minutes to 01869 344500 is ideal. Alternatively, an email or school order with print details attached is fine.

THIS SERVICE IS QUICK, EFFECTIVE AND AFFORDABLE. PLEASE CALL NOW OR MENTION ENGRAVING AT THE TIME OF ORDERING IT WILL TAKE JUST A FEW MINUTES TO ARRANGE!

GRAPHIC CALCULATORS – APPROVED FOR USE IN ALL PUBLIC EXAMINATIONS, INCLUDING IB

Prices in brackets include VAT.

The TI-Nspire™ CX II-T handheld and associated software is designed to generate opportunities for classroom exploration and to promote greater understanding of core concepts in mathematics.

Nspire™ CX II-T has been developed through sound classroom research which shows that **linked multiple representations are crucial in development of conceptual understanding**. Nspire™ CX II-T provides simultaneous, dynamically linked representations of graphs, equations, data and verbal explanations, such that a change in one representation is immediately reflected in the others.

In addition to the flexibility offered by Nspire™ CX II-T's menu-driven interface and built-in document structure, this model is enhanced by a backlit colour screen onto which images can be imported, helping bring concepts to life. Fitted with a

rechargeable battery which can be recharged with a USB cable connected to your computer, the Nspire™ CX II-T Docking Station (for the classroom) or a wall charger. Battery life is expected to last up to two weeks under normal use.

Users can experience the same interface on the Nspire™ CX II-T and in the TI-Nspire Software, enabling integration with existing classroom ICT infrastructure and projection systems to offer whole class teaching and personalised learning opportunities and is included with your product. TI-Nspire works with all major interactive whiteboard technologies.

TI-Nspire™ CX II-T Docking Station charges up to 10 TI-Nspire™ CX II-T and can simultaneously upload documents, class activities and homework using Teacher Software which is included.

CLICK HERE TO BUY NOW
£119.95 (£143.94)

A slimline, modern graphic calculator with a back-lit pin-sharp colour screen with rechargeable battery, allowing the familiar style of operation of the TI84 with added features and functions including:

- Real and complex calculation results are calculated with 14-digit accuracy and displayed with 10 digits and a 2-digit exponent
- Draws 10 functions, 6 curves in parameter form, 6 curves in polar form and 3 recursively defined sequences
- Up to 10 functions can be defined, saved, drawn and analysed simultaneously
- In the mode of sequence graphs, the sequence can be displayed as a time graph or as a phase diagram
- 17 interactive zoom features
- Numerical evaluations are shown in table format for all graph modes
- Interactive analysis of function values, zeros, max values, min values, integrals and derivatives
- 8 different graph styles make it easy to distinguish between the different graphs that are drawn simultaneously
- The matrix functions include inverse, determinant, transpose, extended matrix, reduced row step shape and elementary row operations; matrices can be converted to lists and vice versa
- List-based, 1- and 2-variable analysis: logistic, sinusoidal, median-median, linear, logarithmic, exponential power, square, cubic and 4th degree regression models
- 3 statistical definitions for scatter charts, xy charts, histograms, common and modified box charts and normal distribution plots
- Advanced statistical functions including 10 functions for hypothesis tests, 7 functions for confidence intervals and 1-way analysis of variance (ANOVA)
- 15 probability distribution functions, including normal, Student-t, chi-square, binomial and Poisson
- Interactive editor for equation solution allows numerical solution of various variables in an equation
- 11 regression model calculations
- Includes Python programming capabilities
- Grid lines may be added to graphs to improve accuracy of interpretation.

TI Charging Station CE

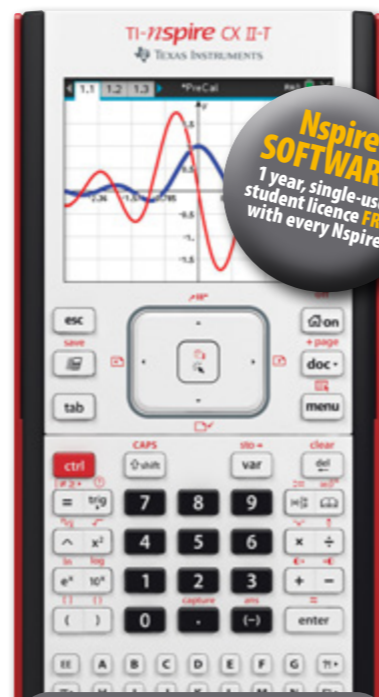

The TI Charging Station CE helps keep calculators organised and ready to use. Key features:
Recharges up to 10 calculators at a time
Stores calculators as they recharge
Compatible with TI-84 Plus CE-T Python Edition
graphing calculators.

£64.95
(£77.94)

TI-SmartView Emulator Software FREE!

Single user emulator license now included with every calculator.

Five-user network licences
£64.95 + VAT PA
Additional licences £12.50 + VAT each PA

Check out our range of hands-on STEM tools, including a variety of coding robots and self-build STE(A)M kits designed to boost interest and attainment in computing and ICT education!

Introducing the Robotical Cog: the affordable, hands-on introduction to physical computing and programming!
Only £20.00 + VAT, or buy 9 and get the 10th free!

Buy now at <https://www.oxford-educational.tech/cog>

Growing from consumers to creators of technology, the teaching and learning of STEM subjects is evolving, with teaching and learning at the forefront of this shift. Schools' STEM provision is being transformed by new classroom technologies which emphasise 'learning-by-doing', with pedagogical research underpinning this change. While theoretical knowledge from STEM lessons is important, students need hands-on experiences to actively apply, create and problem solve allowing them to master curriculum content in computing, mathematics, science and engineering.

Email harry@oxford-educational.co.uk for more information, or to arrange free, no-obligation, trials!

"Programmable robots which might have once been scientific fantasy have become child's play, inspiring the imagination and curiosities of future engineers"

SAME DAY DESPATCH, EVERY DAY

Despatch will be made the same day as receipt of your order that may be placed in one of the following ways:

ORDERING BY EMAIL

School, pupil and personal orders are gratefully received. Please email: sales@oxford-educational.co.uk

ORDERING BY PHONE 01869 344500 Direct to Sales!

No switchboards, no endless menu options, simply straight to a friendly and helpful person within seconds! We love to talk to our customers and we can often bring you right up-to-date with product and offers so call us anytime.

ORDERING BY POST

School orders are gratefully received. Oxford Educational Supplies Limited, Unit 19, Weston Business Park, Weston on the Green, Bicester, Oxon OX25 3SX.

ORDERING ONLINE

www.oxford-educational.co.uk
www.studentcalculators.co.uk

Our on-line catalogue for use by teachers, purchasing departments, pupils and parents.

PAYMENT

All UK schools have an account with us! An invoice will be sent with goods for payment within 30 days. For private orders, please order on our secure website, we accept bank transfers and all major credit/debit cards except AMEX.

CARRIAGE

Carriage is free on orders over £250 ex VAT. Carriage will be charged to a maximum of £7.95 on orders of less than £250 ex VAT. Shipping charges to the Isle of Man, Channel Islands and Highlands and Islands will be the same as to the rest of the UK! Overseas deliveries carry a carriage surcharge. We will confirm costs before despatch.

CUSTOMER SERVICE

If you need any further information please call Customer Service on 01869 344500.

NO RETURN RETURNS POLICY!

For our many regular customers we will replace any faulty product with a brand new item without the need to return the faulty unit. Simply call us to report the problem and a new product will be with you within 24 hours. This scheme is designed to save teachers time and trouble on the rare occasion a fault occurs. For the few who are not regular customers, please return faulty product by Recorded Delivery with a brief letter stating the fault, when purchased and your contact details.

There is no change to our comprehensive 3 year exchange for new guarantee that covers all products. Our guarantee is 'no quibble'. If we cannot repair a product to your satisfaction within 48 hours of receipt we will replace it with a brand new equivalent. We would recommend that you use Recorded Delivery for all returns for your own protection. Please ensure that you enclose a brief letter stating your name and address and the reason for return. All trademarks are acknowledged as the property of their respective owners. E&OE

10 years of financial support from Oxford Educational!

Forever Angels Family Homes provides interim care for orphaned and abandoned babies in Tanzania reuniting them with their relatives. Forever Angels cares for abandoned babies temporarily until biological relatives or a foster or adoptive family can be found.

Maisha Matters provides nutrition, emergency items, education, and business support so families can care for their own children and live independently.

SPECIAL SCHEMES FOR SCHOOL PURCHASES 2026

FORWARD ORDER: We will hold the physical stock exclusively for you and you can call it off when you need it with the price fixed.

SALE OR RETURN: Particularly suitable for offers to pupils or to have product available at parents evenings. Similar to forward ordering but with the added flexibility that you can return unsold stock.

It works like this.....

Please telephone your order to us stating that you would like 'Sale or Return'.

Make a sensible estimate of your requirements and the goods will be despatched to arrive with you on your requested date (this can be immediately or many weeks in the future, for example, next term). We do not require a school purchase order at this stage.

A provisional invoice and delivery note will arrive with the goods that you hold until the process has been completed. Do not submit this invoice for payment, it is just for information at this stage. The goods can stay with you for up to 30 days without the obligation to purchase anything at all!

If at the end of 30 days you have sold everything simply submit the invoice for payment within the next 30 days. The complete process can take 60 days, plenty of time and no pressure!

If you do have stock left over, we can arrange collection by DPD at £9.95 + VAT per box or you may return small quantities by post. Please use Recorded Delivery for your own protection. If initial estimates are reasonably accurate we rarely find a need for returns and additional stock can be with you within 24 hours so there's no need to over order.

EXTENDED CREDIT: Receive the goods now and pay 60 days later. Combined with Sale or Return this is a very useful scheme for use at parent evenings for new intakes or for pupil offers. The price is fixed at the date of ordering and this can allow the acquisition to payment cycle to be as long as a whole term!

RECYCLED PLASTIC CASINGS AND NO MORE RETAIL PLASTIC PACKAGING!

CASIO fx-85GT CW+ Solar calculators made with up to 90% recycled plastic and most calculator manufacturers have stopped using plastics in their outer packaging.

Our suppliers have made great efforts in creating more sustainable products:

- No more plastic retail packaging for the vast majority of our products,
- Only recyclable card and handbooks now mostly downloaded.
- Much smaller individual packs saving resources on transport. 50% reduction in volume and 25% reduction in weight.
